

I hope you will take one minute to read my note (I tried to make it as short as possible 😊) because we really need your help **TODAY!** We are so excited about the Candle of Hope (pictured here) that we developed to raise money for children affected by Cerebral Palsy. Those who have ordered the candle already have told us how much they love it, how beautiful it is and how wonderful and relaxing the scent is! (Like being in a spa!)

I am writing because we need your help. We would like to ask you if you would please consider ordering one or more of these beautiful candles for yourself or as holiday or Christmas gifts for teachers, coaches, mothers, girlfriends, mother-in-laws, anyone on your list! Since we developed this candle with a local candle maker, and because all the time and effort that went into its development was done on a volunteer basis, we are able to price it at \$10 less than it would be in a retail store! It is \$18 for this large, 12 oz candle that will burn more than 60 hours! It is *100% natural soy* (not a soy blend) and is fragranced only with *essential oils*. Nothing synthetic! (It is so natural in fact that you can use the oil, when it is melted, as a moisturizer for your skin!) Please talk with your family, friends, neighbors and teachers. Pass along this email and ask them to please go to the www.reachingforthestars.org website to read more about the candle and consider placing an order. Please ask today. This candle is only available until next month and then this beautiful candle, and the opportunity to raise funds for kids with CP, will be gone. (NOTE: If you live in Alpharetta/Roswell you can check the “will call” box under the shipping options. Let me know you have done that and I will have the candles brought to my house at no charge to you!!! NO shipping charges! You can pick them up from me!!)

If you have any questions please feel free to email me by replying to this message. We know this is a difficult time economically for many people. However, if you are planning to purchase gifts this year for the holidays anyway, please consider giving this beautiful, environmentally friendly candle which not only takes care of a lovely gift for someone on your list, but also supports a child with a disability. Each candle is wrapped in beautiful gold star tissue paper and contains a note of thanks for helping a child.

Thank you for your consideration! Have a great holiday season!

-Kate
